REV. DR. BISSELL, Bishop of the Diocese of Vermont, will make his first visitation at St. Luke's Church, St. Albans, on Sunday next, and hold a confirmation service in the evening at 7:30 p. m.

DRAWBRIDGE RUN INTO BY A SCHOONER.—The Railroad drawbridge at Rouses Point was run into by a schooner between 9 and 10 o'clock last evening, the masts of the vessel were carried away and one of the main cords to the bridge was somewhat damaged by the collision. The night was exceedingly dark; the bridge was closed, it being about the time for the crossing of the regular trains, and the schooner came down upon the bridge in a heavy wind without lights. In consequence of the accident the mail train from Rouses Point, was two hours late in arriving at St. Albans this morning. The rains are crossing regularly to-day.

WHO SHALL BE SPEAKER?—Under his head the Vergennes Vermonter has very handsome and sensible article in favor of Gen. Geo. W. Grandey, of that city. This article we notice is copied approvingly by the various papers in Burlington, Rutland, and St. Albans, and seems to coincide with the universal feeling and expectation. From present appearances the General may lack sufficient opposition to test his mettle.—Montpelier Journal.

PROF. KING made a balloon ascension from Rutland on Monday afternoon safely landing about nine o'clock in the evening in Mount Holy.

CAPT. JOHN J. BAYS and J. S. Spaulding of Burlington, have been authorized to recruit each a company of Infantry for the Vermont Militia. They are both gallant soldiers of the old Vermont Brigade.

ONE hundred guns were fired in Burlington yesterday afternoon for the Republican victory in Maine.

DEATH OF THOMAS JAMESON.—Thos. Jameson, a resident of Innesburgh for over forty years, died on Tuesday of last week of disease of the heart, aged seventy-one years. The Bangor Standard says of him:

He was an ardent friend, and who ever had his confidence had it forever; he was unshaken in friendships and would bear with the frailties of a friend when others would forsake. He had in early life been several times sheriff of the county, a member of the council of censors, constitutional convention, member of the legislature and town clerk year after year until sickness prevented. We bid farewell to him with more than ordinary sorrow. Yet we should not sorrow, for he was a firm, devoted, consistent and exemplary christian.

JUDGE POLAND.—Judge Poland was among the speakers, that addressed a meeting of the Republicans Ward Four in the city of Boston on Monday night when the news from Maine was received. The Boston Advertiser reports his remarks as follows:

Judge Poland, of Vermont, was then introduced, and the audience gave him three cheers. He spoke of Vermont politics briefly, but said he apprehended that the assembly was not to hear political speeches but to wait for the verdict, which was something more in his mind. Vermont had cast her vote, Maine had hers, and we should have more of the same soon. Discussing the democratic party, he said it had changed entirely, and there was no identity between the old party and the party of today. To illustrate this, he told a story of a vineyard which had been many years in a farmer's family and was greatly venerated; but it had been newly headed and hooped and stayed until on examination it was found that the only original part remaining was the bung hole. As an example of the nonsense of calling the present party democratic, Judge Poland related how a gentleman bought a pie from a boy who was crying "hot pies!" and found it frozen; whereupon he asked the boy why he sold such things for hot pies, and was told that that was what they were called. He spoke very effectively on the payment of the national debt, drawing strong contrast between the position of the democratic and that of the republican party on the question.

THE PROVINCIAL EXHIBITION.—Yesterday was the opening day of the Provincial Exhibition in Montreal, and the weather was all that could be desired. The Industrial Department is held in Exhibition Building, St. Catherine Street, and the Agricultural at the corner of Guy and Sherbrooke Streets. The Horticultural Department is held in the Skating Rink.

Political.

A new Republican paper has been started at Rochester, N. Y., called the Chronicle.

Laboulaye, the eloquent French advocate of our cause during the rebellion, writes to a friend in the United States:

Now that the election of a new President to execute the laws of Congress approaches, I need not tell you that all my wishes are for General Grant. The wisdom and humanity shown by him during the war, his respect for law, his capacity for affairs prove him wholly worthy to stand among the successors of Washington. I am sure that, with him you will have enduring peace. The South has learned both to honor and fear Gen. Grant, and his Presidency will complete the reconstruction of the Union.

The following extract from a private letter is published in the *Chicannotti Commercial*. Its author is a Mississippi plan:

I am, sir, a Southern man by birth, education, and feelings, and wish only the peace, quiet, and prosperity of my country, and as such feel no hesitancy in saying that the election of Grant and Colfax can alone give us these, while the election of Seymour and Blair will bring greater discontent and a more unsettled state of affairs with us than now exists. With Grant and Colfax elected, our people will cease to follow the behests of our wild politicians, and will realize that it is wise to accept the situation, which they will cheerfully do, and our peace and prosperity will certainly follow.

In a Bangor, Me. Republican procession on Thursday, a battalion of returned soldiers and sailors bore the tattered old battle-flags, with this legend "We go for Seymour as we went for Lee."

Mr. Pendleton said, when speaking recently: "I don't see where you all came from." Excuse me, yer riverance," promptly responded an individual in the crowd, "the most of us came from old Ireland."

The charter election at Alton, Ill., on Tuesday, resulted in a Democratic victory. The vote shows Democratic gains.

Mr. Colfax reached his home, at South Bend, Ind., the other night, while a Republican mass meeting was in progress. He was received with enthusiastic demonstrations, and made a short speech.

News and Miscellaneous Items.

A "Woman's Home," or boarding house, has been established in Chicago. It accommodates sixty persons, and it is projected to enlarge it so that from 200 to 300 may have board and lodging in it.

At Hamilton, Canada, a woman re-venge herself on a widower who would not marry her but took another female, by stealing his son, a lad of eleven years, and running off to the United States with him.

The Bangor *Whig* says the heavy rains of Friday night and Monday will help the crops of Maine. Corn and potatoes were suffering from drouth, and the rain was timely. Fall feed will also be greatly improved by this opportune storm.

In Maine there is a school teacher who, until a day or two since, had never seen or heard a hand-organ. Her pupils were given a recess to enjoy the luxury with her.

Theatrical matters in Paris are dull. Boxes at the grand Opera are in little demand. "Faust" will be brought out there, with Nilsson as Margaret.

Nearly half of the brown stone mansions on the Fifth avenue, New York, are being scrubbed up on the outside, and swept and garnished within, for the reception of their proprietors. Hundreds of persons are returning from the country daily.

The cherry wine cases, that have been the cause of so great litigation in Boston, have been settled upon a revolution of 45c. per gallon, with two and a half percent commission added. Of course all this comes into market as "fine old cherry," at three or five dollars a gallon.

FULTON MARKET.—Just received, a nice lot of Dried Beef, Sugar Cured Ham, Bologna Sausage, Sweet Potatoes, Tomatoes, Peas, Peaches, Water Melons and Musk Melons. dtf494.

The palm of superiority is awarded to Mrs. S. A. Allen for her improved new style Hair Restorer or Dressing, (in one bottle,) and a grateful public appreciates the very low price, One Dollar. Every Druggist sells it.

THE DIFFERENCE.—One of the chief points of difference between civilized and barbarous mankind is the attention given to the natural covering for the head—the one being carefully cut, cleaned, and brushed, and the other allowed to remain dirty and unkempt. The use of "Barrett's Vegetable Hair Restorative" will ensure all that could be desired by civilization or ignored by barbarism.—Boston Post dw

A STARTLING TRUTH.—Thousands die annually from neglected coughs and colds, which soon ripen into consumption or other equally fatal diseases of the lungs; when by the timely use of a single bottle of Wistar's Balsam of Wild Cherry, their lives could have been preserved to a green old age.

Every family needs to keep in the house something that will cure headache, toothache, acute pains, lameness, bruises, cramps, and other kinds of pain and suffering, and what is there so good as Renne's Pain-Killing Magic Oil. dw

MARRIAGES.

LATEST NEWS!

Gold Rising.

WASHINGTON, 15.

Commissioner Foote to-day appointed

J. S. Grinnell clerk in the Patent Office in place of A. M. Stout, who has resigned.

Some fears are expressed that a quorum of the Senate will not be present on Monday.

OTTAWA, Sept. 16.

The Government has decided not to repeat the order prohibiting the importation of American cattle. The Railroad Companies remonstrate against it, but the Board of Agriculture of Ontario is pressing the Government to continue it in force.
